FOUNDING 'KOKODA CHICK': VIONA YOUNG

Viona is very passionate about supporting breast cancer research and support programmes.

"Breast cancer touches most people in some way and I am sure you are reading this thinking about someone you have lost, someone you know who is being treated, all because of breast cancer. Personally I have lost both my mother and grandmother to breast cancer, In particular, my mum fought one incredible battle and did some amazing things whilst very sick and receiving chemo treatment. After seeing the courage with which my mum faced her greatest challenge, I decided to undertake my own challenge by organising and taking the trip of a lifetime for a great cause. Having walked the track in 2007, I would encourage every woman who loves a challenge to become a 2008 Kokoda Chick".

CONGRATULATIONS

TO THE 07 KOKODA CHICKS WHO RAISED OVER \$100,000 IN TOTAL

ADDITIONAL INFO ON TREK:

We are seeking brave women to join us in an incredible adventure to honour women we know and love that have been affected by breast cancer and raise money for research and support programs.
