

About Mission Australia

Mission Australia is an empowering and compassionate community service organisation that has been transforming the lives of Australians in need for 150 years. Last year Mission Australia assisted more than 330,000 people.

With more than 450 services - located in every state and territory - we combat homelessness; assist families and children to develop a solid foundation; support disadvantaged young people; deliver entry-level training; and help unemployed people find permanent work - getting them back on their feet.
