

# No alcohol in October ...Cut it out!

## You can help Life Education Australia educate our kids about Drugs and Alcohol simply by Cutting Out alcohol during October.

Ocsobor is a new web based fundraiser which helps you get motivated to abstain from alcohol for one month - during October. You're not just doing this to get healthier, you'll have fun too - and raise money to help Aussie kids live a safer life.

If you have a special occasion in October, you can take a day off by simply purchasing a "Legends Leave Pass". That way, you can still have a drink at the footy or a party, without missing out on Ocsobor.

Getting started is simple. Just set yourself a fundraising target, sign up on the [ocsobor.com.au](http://ocsobor.com.au) website and get your work mates, family and friends to sponsor you. You can even create a team at work or with your friends.

It's easy, it's all done online and above all you will be doing it for a great cause. Life Education Australia is the largest not for profit organisation educating Aussie kids about the dangers of Drug and Alcohol use - and promotes a healthy life style.

Be one of the first to sign up. You'll be glad you did!
