

BANGERS & CASH

Bangers & Cash™ for cystic fibrosis (CF) is an annual campaign to raise awareness and vital funding for children and young adults living with CF. The funds raised will assist over 700 Victorian children, young adults and their families living with cystic fibrosis.

Why hold Bangers & Cash™ BBQ?

Let's face it, our nation loves a barbeque and Victorians have embraced the concept of sizzling a sausage for CF.

Why not turn just one of your barbeques into a Bangers & Cash™ event?

By collecting a gold coin for each sausage eaten and donating the funds to Cystic Fibrosis Victoria, you will be helping us to provide our wide range of support services and programs for individuals and families living with cystic fibrosis. Add in a raffle and perhaps a lucky prize draw and the cash will really mount up.

How can I hold a Bangers & Cash™ BBQ?

It's simple. Just fill out the registration form and fax, email, or mail it back to us at Cystic Fibrosis Victoria. We will send you a Bangers & Cash kit that contains all the information you need to get your BBQ sizzling! The kit also includes a donation support form to assist you in obtaining donations of sausages or bread from your local butcher or bakery.

When do I register?

Register any time between March and April but remember, the sooner you register the sooner your kit will arrive to get you started.

Sizzle a sausage for cystic fibrosis & go into the draw to win a fabulous prize!

Send the funds you raise at your Bangers & Cash™ barbeque to CFV by the second Friday in May and you will go into the draw to win a fabulous prize! Previous years saw winners take this BBQ (right).

Prize may vary from that shown.

Why not turn your next backyard get together into a Bangers & Cash BBQ?

It's as easy as 1, 2, 3 ...

- 1 Complete this form and return it to CFV. A Bangers & Cash kit will be forwarded to you.
- 2 Choose a day (or days) during March or April for your Bangers & Cash BBQ.
- 3 Collect a gold coin for every sausage that is eaten and forward the funds raised to CFV
