

# How Do I Manually Log My Steps?

by **Brainchild** 16 March, 2018

Any of the steps you complete using your fitness app we will know about (if it is linked to your fundraising page). You just need to let us know about the rest of them by manually updating your fundraising page.

To log your steps manually,

1. You will first need to log into your supporter page.
2. Press the  button which is next to the  under the update box. If you cannot see this button then you are probably not logged in.

4 SMALL ACTIONS THAT MAKE A BIG DIFFERENCE

- Upload a profile photo to make this page your own.
- Add a personal story to tell people why you're here.
- Post an update to keep your supporters in the loop.

Share your page's link to spread the word.

47 steps Walked in total

3. Click on the Fitness Man  , choose Walk, and insert the number of steps, the duration (not essential) and the date of your steps.

4. Then click on Post.

Now all your donors can see how hard you're working!

Don't forget to share it on Facebook too by clicking the Share button underneath!

Just remember – don't manually log any steps that you've used a fitness app to track – we will already have those logged.
