

Please help me to support women with ovarian cancer by making a donation to Mater Foundation. Donating is easy, simply select the gift you want to give and complete your details below.

It's time to commit to changing the future for women with ovarian cancer. And the only way to do that is through research.

Your donation will help to fund life-saving research at Mater, to increase early diagnoses and raise survival rates.

- \$37** **Can support the time a Research Assistant spends** to produce data on how cancer responds to new treatments being developed in the lab.
- \$69** **Could change the future for women diagnosed with ovarian cancer** by growing cancer cells in the laboratory, helping researchers investigate personalised treatment options.
- \$100** **Can provide a set of glass slides** allowing researchers to process tissue while conducting experiments in the lab. These slides are used to analyse tissue samples in ovarian cancer patients, with the potential to develop targeted treatment plans which could improve survival rates and turn ovarian cancer into a manageable disease.
- \$_____** **Donation of your choice.**

Name of host I'm supporting:.....

Please send me a tax receipt to: Name.....

Address

Suburb..... State..... Postcode

Please debit my: Visa Mastercard Amex Diners

Credit Card No: Exp Date: /

Card Name:

Signature:.....

All donations over \$2 are tax deductible. Please return to Mater Foundation, Locked Bag 111, Coorparoo DC QLD 4151

Thank you for your support!
